

DELHI PUBLIC SCHOOL, SAIL TOWNSHIP, RANCHI

Start –up Edge Competition:

DPS Ranchi is all geared up to promote yet another **programme of Government of India**. Recently our **honorable PM** launched the **start up India programme** in order to encourage the people with new business ideas get an easy access in the world of entrepreneurship through funding and tax benefits.

With a motive of letting the students know more about it, a **Start-up Edge Competition** is to be organized in the school. An **orientation** was held in this regard today where the **commerce students** were updated about the possibilities in the development of the **Indian Economy**. It is an all new venture promoted for the students of DPS to foreground their innovative ideas. As usual our Principal **Dr. Ram Singh** who always hankers to provide children with such opportunities showed his happiness over this initiative taken by school as it would provide the children with a chance to exhibit their budding talents.
